Compere introduces to talk about emphysema and their efforts to raise awareness by driving across Australia in a 1929 super seven car. Jack Evans mentions previous cross country car ventures which inspired him to do the same thing. Jack Evans says he contacted the Lung Foundation to endorse the trip which they did. Alison Evans says we average about 40mph, 'it has cruise control!' She says people can donate by going to www.lungfoundation.com.au and click on events and you will see 'Triumph for Breath' with information.

Interviewees: Alison and Jack Evans, emphysema campaigner
